Present Status of the residential construction project “Sun City Ambegaon” at S. No. 55/1 & 55/2 Part Ambegaon Bk., Pune for six monthly compliance report

S.N.	Description	Present Status (Yes/No)
A	General conditions for Pre-construction phase	
1	This EC is issued subject to land use verification. Local authority/planning authority should ensure this with respect to rules, regulations, notifications, govt. resolutions, circulars etc issued if any. Judgments/orders issued by Hon’ble High court, Hon’ble NGT, Hon’ble Supreme court regarding DCR provisions, environmental issues applicable in this matter should be verified. PP should submit exactly same plans appraised by concern SEAC & SEIAA. If any discrepancy found in the plans submitted or details provided in the above para may be reported to the Environment. Dept. this EC issued with respect to environmental consideration and it does not mean that SEIAA approved proposed land use	Agreed
3	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2011.	Yes At the time of operation
4	Occupation certificate shall be issued to the project by Local Planning Authority only after ensuring availability of drinking water and connectivity of the sewer line to the project site.	Agreed
5	This environmental clearance is issued subject to obtaining NOC from Forestry & Wildlife angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environmental clearance	Not applicable

MITTAL HOUSE

2095, Sadashiv Peth, Vijaya Nagar Colony, Nilayam Theatre Chowk, Pune – 411030

	does not necessarily implies that Forestry & Wild life granted to the project which will be considered separately on merit.	
6	PP has to abide by the conditions stipulated by SEAC & SEIAA.	Yes
7	The height, construction built up area of the proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with the survey number before approving layout plan & before according commencement certificate to proposed work. Plan approving authority should also ensure the doing permissibility for the proposed project as per the approved development plan of the area.	Yes As per PMC Rule
8	“Consent for Establishment” shall be obtained from Maharashtra Pollution Control board under Air and Water Act and a copy shall be submitted to the Environment Department before start of any construction work at the site.	Consent to Establish obtained vide no Format 1.0 / BO/JD (WPC)/ UAN-068332 /CE/CC-1907000167 dated 04/07/2019 Attached as Annexure I .
9	All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase.	Yes
B	General conditions for construction phase	
1	Provision shall be made for the housing of construction labor within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche and First Aid room etc.	Yes, photos attached as Annexure II
2	Adequate drinking water and sanitary facility should be provided to construction workers at the site. The safe	Yes, photos attached as Annexure III

	disposal of waste water and solid waste generated during the construction phase should be ensured.	
3	Solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.	Agreed
4	Disposal of muck including excavated material during construction phase should not create any adverse effect on neighboring communities and to be disposed off taking necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority	Agreed
5	Arrangement shall be made that waste water and storm water do not get mixed up.	Yes
6	All the top soil excavated during construction activities should be stored for use in horticulture/landscape development within the project site	Agreed
7	Additional soil for leveling of the proposed site shall be generated within the sites so that natural drainage system of the area is protected and improved.	Yes
8	Green belt development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.	Under Process
9	Soil and ground water samples will be tested to ascertain that there is no threat to groundwater quality by leaching of heavy metals and other toxic elements	Soil and Ground water testing reports attached as Annexure IV
10	Construction spoils including bituminous material and other hazardous material must not be allowed to contaminate water	Yes

	course and the dump sites for such materials must be secured so that they should not leach in to ground water.	
11	Any hazardous waste generated during construction phase should be disposed off as per applicable rules and norms of necessary approvals of Maharashtra pollution control board.	No hazardous waste will be generated
12	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environment (Protection) Rules prescribed for air and noise emission standards.	Yes
13	The diesel required for operating DG set shall be stored in underground tanks and if required, clearance from concern authority shall be taken.	No storage of diesel require
14	Vehicles hired for bringing construction material at site should be in good condition and should have valid Pollution under check (PUC) certificate and to confirm to applicable air and noise emission standards and should be operated during non peak hours only	Agreed
15	Ambient noise level should confirm to standards both during day and night when measured at boundary wall of premises. Incremental pollution load on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB	Ambient air and Noise reports attached as Annexure V . Construction activity will be done only in day time.
16	Fly ash should be used as building material in the construction as per provisions of fly ash Notification of 14.9.1999 and as amended on 27/08/2003. The above condition is applicable only if the project site is located within the 100 km of the Thermal Power Stations)	Yes

17	Ready mix concrete shall be used in building construction	Yes
18	The approval from competent authority shall be obtained for structural safety of buildings due to any possible earthquakes .adequacy of firefighting equipment's etc. as per National Building Code including protection measures from lightening etc.	Structural stability certificate is attached as Annexure VI .
19	Strom water control and its reuse should be as per Central Ground water Board and BIS standards for various applications	We are going to recharge bore
20	Water demand during construction shall be reduced by use of pre-mixed concrete, queering agents and other best practices.	Yes
21	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	Agreed
22	The installation of Sewage Treatment plant should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment Dept. before the project is commissioned for operation. Discharge of this unused treated affluent, if any should e discharged in the sewer line. Treated effluent emanating from STP shall be recycled/refused to the maximum extent possible. Discharge of this unused treated affluent, if any should be discharge to sewer line. Treatment of 100% gray water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP.	Yes
23	Permission to draw ground water and construction of basement if any shall be obtained from competent authority prior to construction/operation of the project.	N.A.

24	Separation of gray & black water should be done by dual plumbing line for separation of gray & black water.	Dual Plumbing line will be provided
25	Fixtures for showers ,toilet, flushing and drinking should be low flow either by use of aerators or pressure reducing devices or sensor based controls	Yes
26	Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with special reflective coating in windows.	Use of glass for windows only
27	Roof should meet the perspective requirement as per energy conservation building code by using appropriate thermal insulation material to fulfill the requirement.	Yes
28	Energy conservation measures like installations of CFLs and TFLs for lightening the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use of CFLs and TFLs should be properly collected and disposed off for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar street lights, common solar water heater systems. PP should install, after checking feasibility, solar plus hybrid non-conventional energy source as source of energy.	Agreed, Solar panels are provided
29	Diesel power generating sets used as source of backup should be of enclosed type to prevent noise and should conform to rules made under Environment (Protection) Act 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets may	Yes

	be decided with in consultation with Maharashtra pollution Control board	
30	Noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.	Report attached as Annexure V
31	Traffic congestion near the entry and exit points from the roads adjoining the proposed site must be avoided. Parking should be fully internalized and no public space should be utilized.	Agreed
32	Opaque wall should meet perspective requirement as per energy /conservation building Code which is proposed to be mandatory for all air conditioned spaces while it is aspirational for non-air conditioned spaces by use of appropriate thermal insulation to fulfill the requirement	Yes
33	The buildings should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation.	Yes as per PMC Rule
34	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase so as to avoid disturbances to surroundings	Yes
35	Under the provision of Environment (Protection) act 1986, legal action shall be initiated against the project proponent if it was found that construction of project had started without obtaining Environmental Clearance.	EC obtained vide no. SEIAA-EC 02057 dated 5 th November 2019 attached as Annexure VII
36	Six monthly monitoring reports should be submitted to the regional office MoEF, Bhopal with copy to this department and MPCB.	Yes

C	General conditions for Post construction phase/operation phase	
1	PP shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in para 2. Prior certification from appropriate authority shall be obtained.	Agreed
2	Wet garbage should be treated by OWC and treated waste should be utilized in the existing premises for gardening. And no wet garbage will be disposed outside the premises. Local authority should ensure this.	Agreed
3	Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc with due permission of MPCB.	Yes
4	A complete set of all documents submitted to Dept. should be forwarded to the local authority and MPCB	Yes
5	In case of any change(s) in the scope of the project, the project required fresh appraisal from Ministry.	Agreed
6	A separate environment management cell with qualified staff shall be set up for the implementation of the stipulated environmental safeguards.	Yes
7	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise-break-ups. These costs shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for the other purposes and year-wise expenditure should reported to MPCB and this dept.	Agreed

8	The project management shall advertize at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded EC and copies of EC letter are available with MPCB and may also be available at website at http://ec.maharashtra.gov.in	Done. Advertise attached as Annexure VIII
9	Project management should submit half yearly compliance reports in respect of the stipulated prior EC terms and conditions in hard & soft copies to the MPCB & this department, on 1 st June & 1 st December of each calendar year.	Yes
10	A copy of the EC letter shall be sent by proponent to the concerned Municipal corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The EC letter shall also be put on the website of the company by the PP.	Yes
11	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of the monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the regional office of MoEF, the respective Zonal office of CPCB and SPCB. The criteria pollutant levels namely; SPM, RSPM, SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.	Yes
12	The PP shall also submit six monthly reports on the status of the compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by	Yes

	e-mail) to the respective Regional office of MoEF, the respective Zonal office of CPCB and SPCB	
13	The environmental statement for each financial year ending 31 st March in form-V as in mandated to be submitted by the PP to the concerned SPCB as prescribed under the Environment Protection Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.	Yes
4	The Environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that PP has not violated any environmental laws in the past and whatever decision under EP act of the Hon`ble court will be binding on the PP. hence this clearance does not give immunity to the PP in the case filed against him, if any or action initiated under EP Act	Agreed
5	In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the EC without any intimation and initiate appropriate legal action under EP Act, 1986	Agreed
6	The Environment Department deserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason.	Agreed

7	Validity of EC: the EC accorded shall be valid for a period of 7 years as per MoEF & CC notification dated 29 th April, 2015.	Yes
8	In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the condition(s) imposed and to incorporate additional environmental protection measures required, if any.	Yes
9	The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, The Environment Protection Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public liability Insurance Act, 1991 and its amendments.	Yes
10	Any appeal against this EC shall lie with the NGT (Western Zone Bench, Pune), New Administrative Building, 1 st floor, D wing, opposite Council Hall, Pune, if preferred, within 30 days as prescribed under section 16 of the National green Tribunal Act, 2010.	Ok

Consent order No: Format1.0/BO/JD (WPC)/UAN-068332/CE/CC-1907000167

Date 04/07/2019

To,
M/s. Mittal Projects,
S. No. 55/1, 55/2 of Ambegaon,
Tal: Haveli, Dist: Pune.

Sub: Consent to Establish for Residential Cum Commercial Construction Project granted under Red Category.

Ref: 1. Your Application vide UAN No. -0000068332 Dated: 04/03/2019.
2. Minutes of Consent Committee meeting held on 12/06/2019.

For: Consent to Establish for Residential Cum Commercial Construction project under Section 25 of the Water (Prevention & Control of Pollution) Act, 1974 & under Section 21 of the Air (Prevention & Control of Pollution) Act, 1981 and Authorization under Rule 5 of the Hazardous and Other Wastes (M & TM) Rules, 2016 is considered and the consent is hereby granted subject to the following terms and conditions and as detailed in the schedule I, II, III & IV annexed to this order:

1. The consent is granted for a period up to commissioning of the project or of 5 years whichever is earlier.
2. The proposed capital investment of the project is **Rs. 125.0 Cr.**
(As per C.A certificate submitted by project proponent)

The Consent to Establish is valid for Residential Cum Commercial Construction Project named as **M/s. Mittal Projects, S. No. 55/1, 55/2 of Ambegaon, Tal: Haveli, Dist: Pune.** For total plot area of 25,787.0 Sqm and total construction built up area 1,14699.11 Sqm including utilities and services as per Construction Commencement Certificate issued by local body.

3. Conditions under Water (P&CP), 1974 Act for discharge of effluent:

Sr. No.	Description	Permitted quantity of discharge (CMD)	Standards to be achieved	Disposal
1.	Trade effluent	NIL	NA	NA
2.	Domestic effluent	308.0	As per Schedule -I	60% should be reused & recycled and remaining should be discharged in municipal sewer

4. Conditions under Air (P & CP) Act, 1981 for air emissions:

Sr. No.	Description of stack/ source	Capacity	Number Of Stack	Standards to be achieved
1	DG Set	125 KVA	1	As Per Schedule -II
	DG Set	225 KVA	1	As Per Schedule -II

5. Conditions under Solid Waste Management Rules, 2016:

Sr. no.	Type Of Waste	Quantity & UoM	Treatment	Disposal
1	Wet garbage	1147.0 Kg/Day	Organics waste Converter with composting facility / Biogas digester with composting facility	Used as Manure
2	Dry garbage	796.0 Kg/Day	--	Segregate and Hand over to Local Body for recycling
3.	STP sludge	65.15 Kg/day	STP	Used as manure

6. Conditions under Hazardous and Other Wastes (M & TM) Rules, 2016 for treatment and disposal of hazardous waste; NIL.
7. The Board reserves the right to review, amend, suspend, revoke etc. this consent and the same should be binding on the industry.
8. This consent should not be construed as exemption from obtaining necessary NOC/permission from any other Government authorities.
9. Project Proponent shall comply the Construction and Demolition Waste Management Rules, 2016 which is notified by Ministry of Environment, Forest and Climate Change dtd.29/03/2016.
10. Project Proponent shall submit an affidavit in Board's prescribed format within 15 days regarding the compliance of conditions of EC/CRZ clearance and C to E.
11. Project Proponent shall install online monitoring systems for BOD, TSS and flow at the outlet of STP.
12. Project Proponent shall provide Organic waste digester with composting facility or Biogas digester with composting facility.
13. The applicant should comply with the conditions stipulated in environmental Clearance Obtained from SEIA, Environment Department, Government of Maharashtra, for total plot area 25,787.0 Sqm and total construction BUA 1,14,699.11 Sqm.

**For and on behalf of the
Maharashtra Pollution Control Board**

Schedule-I

Terms & conditions for compliance of Water Pollution Control:

- 1) A] As per your application, you have proposed to install of Sewage Treatment Plants (STP) with the design capacity of **530.0 CMD**
- B] The Applicant shall operate the effluent treatment plant (STP) to treat the sewage so as to achieve the following standards prescribed by the Board or under EP Act, 1986 and Rules made there under from time to time, whichever is stringent.

Sr No.	Parameters	Standards prescribed by Board
		Limiting Concentration in mg/l, except for PH
01	BOD (3 days 27°C)	10
02	Suspended Solids	20
03	COD	50
04	Residual chlorine	1 PPM

C) The treated effluent shall be 60% recycled for secondary purposes such as toilet flushing, air conditioning, firefighting, on land for gardening etc and remaining shall be discharged in to the municipal sewerage system.

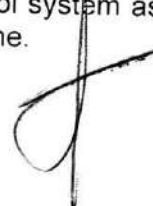

D] Project proponent shall operate STP for five years from the date of obtaining occupation certificate.

The Board reserves its rights to review plans, Specifications or other data relating to plant setup for the treatment of waterworks for the purification thereof & the system for the disposal of sewage or trade effluent or in connection with the grant of any consent conditions. The Applicant should obtain prior consent of the Board to take steps to establish the unit or establish any treatment and disposal system or and extension or addition thereto

- 2) The industry should ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- 3) The Applicant shall comply with the provisions of the Water (Prevention & Control of Pollution) Act, 1974 and as amended, by installing water meters and other provisions as contained in the said act.

Sr. no.	Purpose for water consumed	Water consumption quantity (CMD)
1.	Domestic purpose	342.0

- 4) The Applicant shall provide Specific Water Pollution control system as per the conditions of EP Act, 1986 and rule made there under from time to time.

Schedule-II

Terms & conditions for compliance of Air Pollution Control:

1. As per your application, you have proposed to install the Air pollution control (APC) system and also proposed to erect following stack (s) and to observe the following fuel pattern-

Sr. No.	Stack Attached To	APC System	Height in Mtrs.	Type Of Fuel	Quantity	UOM	S%	SO ₂
1.	DG Set. (125 KVA)	Acoustic enclosure	2.24	HSD	21.63	Lit/Hr	--	--
2.	DG Set. (225 KVA)	Acoustic enclosure	3.00	HSD	12.74	Lit/Hr	--	--

* Above roof of the building in which it is installed.

2. The applicant should operate and maintain above mentioned air pollution control system, so as to achieve the level of pollutants to the following standards.

Particulate matter	Not to exceed	150 mg/Nm ³ .
--------------------	---------------	--------------------------

3. The Applicant should obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement alteration well before its life come to an end or erection of new pollution control equipment. The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary).

Schedule-III
Details of Bank Guarantees

Sr. No.	Consent (C to E/O/R)	Amt of BG Imposed	Submission Period	Purpose of BG	Compliance Period	Validity Date
1	Consent to Establish	Rs. 10 lakh	15 Days	Towards Compliance of EC and consent conditions.	Up to Commissioning of the project	COU

Maharashtra Pollution Control Board

Schedule-IV

General Conditions:

The following general conditions shall apply as per the type of the industry.

- 1) The applicant shall provide facility for collection of samples of sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
- 2) The firm shall strictly comply with the Water (P&CP) Act, 1974, Air (P&CP) Act, 1981 and environmental protection Act 1986 and Solid Waste Management Rules, 2016 and E-Waste (Management) Rules, 2016.
- 3) Drainage system shall be provided for collection of sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No sewage shall be admitted in the pipes/sewers downstream of the terminal manholes. No sewage shall find its way other than in designed and provided collection system.
- 4) Vehicles hired for bringing construction material to the site should be in good condition and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- 5) Conditions for D.G. Set
 - a) Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically.
 - b) Industry should provide acoustic enclosure for control of noise. The acoustic enclosure/ acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB (A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c) The industry shall take adequate measures for control of noise levels from its own sources within the premises in respect of noise to less than 55 dB(A) during day time and 45 dB(A) during the night time. Day time is reckoned between 6 a.m. to 10 p.m and night time is reckoned between 10 p.m to 6 a.m.
 - d) Industry should make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - e) Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - f) A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - g) D.G. Set shall be operated only in case of power failure.
 - h) The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - i) The applicant shall comply with the notification of MOEF dated 17.05.2002 regarding noise limit for generator sets run with diesel.
- 6) Solid Waste – The applicant shall provide onsite municipal solid waste processing system & shall comply with Solid Waste Management Rules, 2016 & E-Waste (M) Rules, 2016.
- 7) Affidavit undertaking in respect of no change in the status of consent conditions and compliance of the consent conditions the draft can be downloaded from the official web site of the MPCB.
- 8) The treated sewage shall be disinfected using suitable disinfection method
- 9) The firm shall submit to this office, the 30th day of September every year, the environment statement report for the financial year ending 31st march in the prescribed Form-V as per the provision of rule 14 of the Environmental (Protection) Second Amended rule 1992
- 10) **The applicant shall obtain Consent to Operate from Maharashtra Pollution Control Board before commissioning of the project.**

*Structural Stability
Certificate*

ACCEPTANCE LETTER & STABILITY CERTIFICATE

To,
The City Engineer
Pune Municipal Corporation
Pune.

Date: 20th March 2021

JOB DESCRIPTION AND LOCATION: Residential project "Sun City Ambegaon", S. No. 55/1 & 55/2 Part, Ambegaon BK, Tal-Haveli, Pune for Building A,B,C,D,E,F – 4P + 25 Upper Floors

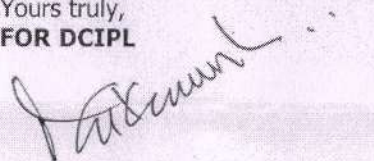

Architect : Ar. Prakash Kulkarni

Owner : Naresh R. Mittal & Ashok R. Mittal

Dear Sir,

With reference to the letter no. _____ addressed to me by the owner, I hereby now confirm that I have agreed to act as his/their consulting structural engineer for the above proposal.

Yours truly,
FOR DCIPL

Bal Kulkarni
Chartered Structural Engineer

*Copy of Environmental
Clearance*

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY

Environment department,
Room No. 217, 2nd floor,
Mantralaya, Annexe,
Mumbai- 400 032.
Date: November 5, 2019

To,
Mittal Projects
at S.NO.55/01(P),55/02(P)

Subject: Environment Clearance for Residential cum commercial construction project
Sir,

This has reference to your communication on the above mentioned subject. The proposal was considered as per the EIA Notification - 2006, by the State Level Expert Appraisal Committee-III, Maharashtra in its 82nd meeting and recommend the project for prior environmental clearance to SEIAA. Information submitted by you has been considered by State Level Environment Impact Assessment Authority in its 178th meetings.

2. It is noted that the proposal is considered by SEAC-III under screening category 8(a) as per EIA Notification 2006.

Brief Information of the project submitted by you is as below :-

1.Name of Project	Sun City
2.Type of institution	Private
3.Name of Project Proponent	Mittal Projects
4.Name of Consultant	Pollution and Ecology Control Services
5.Type of project	Housing project
6.New project/expansion in existing project/modernization/diversification in existing project	New
7.If expansion/diversification, whether environmental clearance has been obtained for existing project	NA
8.Location of the project	S.NO.55/01(P),55/02(P)
9.Taluka	Haveli
10.Village	Ambegaon Bk.
Correspondence Name:	Naresh Mittal
Room Number:	0
Floor:	1
Building Name:	Mittal House
Road/Street Name:	CTS - 2095, Nilayam theatre chowk
Locality:	Vijaynagar Colony, Sadashiv Peth
City:	Pune
11.Whether in Corporation / Municipal / other area	Corporation
12.IOD/IOA/Concession/Plan Approval Number	Obtained IOD/IOA/Concession/Plan Approval Number: CC/2311/18 DT. 29/10/2018 Approved Built-up Area: 114700
13.Note on the initiated work (If applicable)	NA
14.LOI / NOC / IOD from MHADA/ Other approvals (If applicable)	NA
15.Total Plot Area (sq. m.)	25787
16.Deductions	6594.31
17.Net Plot area	19192.69

SEIAA Meeting No: 178 Meeting Date: October 11, 2019 (SEIAA-STATEMENT-000002485)

Maharashtra**

30.Hazardous Waste Details							
Serial Number	Description	Cat	UOM	Existing	Proposed	Total	Method of Disposal
1	NA	NA	NA	NA	NA	NA	NA
31.Stacks emission Details							
Serial Number	Section & units	Fuel Used with Quantity	Stack No.	Height from ground level (m)	Internal diameter (m)	Temp. of Exhaust Gases	
1	225 KVA	HSD	1	2 m above habitable space	150mm	543	
2	125 KVA	HSD	2	2 m above habitable space	100 mm	NA	
32.Details of Fuel to be used							
Serial Number	Type of Fuel	Existing	Proposed	Total			
1	HSD	NA	NA	NA			
Source of Fuel		NA					
Mode of Transportation of fuel to site		NA					
33.Energy							
Power requirement:	Source of power supply :	MSEDCL					
	During Construction Phase: (Demand Load)	45 KW					
	DG set as Power back-up during construction phase	62.5 KVA (1)					
	During Operation phase (Connected load):	3734 KW, 4667 KVA					
	During Operation phase (Demand load):	1756 KW, 2195 KVA					
	Transformer:	630 KVA x 3 Nos. + 315 KVA x 1 No.					
	DG set as Power back-up during operation phase:	225 KVA x 1 No. & 125 KVA x 1 No.					
	Fuel used:	Disel					
	Details of high tension line passing through the plot if any:	Yes					
34.Energy saving by non-conventional method:							
a) Latest transformer b) Fuel efficient Automated DG set c) If power quality is poor then the special provision like capacitor bank etc provided d) LED e) Solar PV f) Solar Hot Water g) Lighting Dimmer h) Lighting Timers i) Energy Efficient Lift j) Star Rated Pumps							
36.Detail calculations & % of saving:							

Serial Number	Energy Conservation Measures	Saving %
1	Solar PV cell	1 % of connected load
2	Solar water heater	20% of connected load-
3	Timer Logic Controller	yes
4	Electronic V3F drive for Lifts	yes

37.Details of pollution control Systems

Source	Existing pollution control system	Proposed to be installed
Water environment	NA	STP
Solid waste management	NA	OWC
Noise pollution	DG set	DG set

Budgetary allocation (Capital cost and O&M cost):	Capital cost:	80 lakhs
	O & M cost:	4 lakhs p.a.

38.Environmental Management plan Budgetary Allocation

a) Construction phase (with Break-up):

Serial Number	Attributes	Parameter	Total Cost per annum (Rs. In Lacs)
1	Erosion control	dust suppression, barricading	1.20
2	Site safety	sign boards, net , labour safety equipment	2.00

3. The proposal has been considered by SEIAA in its 178th meeting & decided to accord environmental clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implementation of the following terms and conditions:

Specific Conditions:

I	PP to submit CER plan to Municipal Commissioner/District Collector and submit the acknowledgement to Member Secretary, SEIAA.
II	PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA.III dt.04.01.2019.
III	SEIAA decided to grant EC for - FSI: 57255.20 m2, Non-FSI: 57443.91 m2 and Total BUA: 114699.11 m2 (Plan Approval no-CC/0335/19, Date- 22.05.2019)

General Conditions:

I	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
II	The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
III	This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.
IV	PP has to abide by the conditions stipulated by SEAC& SEIAA.
V	The height, Construction built up area of proposed construction shall be in accordance with the existing FSI/FAR norms of the urban local body & it should ensure the same along with survey number before approving layout plan & before according commencement certificate to proposed work. Plan approving authority should also ensure the zoning permissibility for the proposed project as per the approved development plan of the area.
VI	If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
VII	All required sanitary and hygienic measures should be in place before starting construction activities and to be maintained throughout the construction phase.
VIII	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
IX	The solid waste generated should be properly collected and segregated. dry/inert solid waste should be disposed off to the approved sites for land filling after recovering recyclable material.
X	Disposal of muck during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in approved sites with the approval of competent authority.
XI	Arrangement shall be made that waste water and storm water do not get mixed.
XII	All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
XIII	Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
XIV	Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.

**SEIAA Meeting No: 178 Meeting Date: October 11, 2019 (SEIAA-STATEMENT-000002485)
SEIAA-MINUTES-000002647
SEIAA-EC-000002057**

XV	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
XVI	Construction spoils, including bituminous material and other hazardous materials must not be allowed to contaminate watercourses and the dumpsites for such material must be secured so that they should not leach into the ground water.
XVII	Any hazardous waste generated during construction phase should be disposed off as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
XVIII	The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
XIX	The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from concern authority shall be taken.
XX	Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
XXI	Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
XXII	Fly ash should be used as building material in the construction as per the provisions of Fly Ash Notification of September 1999 and amended as on 27th August, 2003. (The above condition is applicable only if the project site is located within the 100Km of Thermal Power Stations).
XXIII	Ready mixed concrete must be used in building construction.
XXIV	Storm water control and its re-use as per CGWB and BIS standards for various applications.
XXV	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices referred.
XXVI	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
XXVII	The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treated effluent emanating from STP shall be recycled/refused to the maximum extent possible. Discharge of this unused treated effluent, if any should be discharge in the sewer line. Treatment of 100% gray water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP.
XXVIII	Permission to draw ground water and construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
XXIX	Separation of gray and black water should be done by the use of dual plumbing line for separation of gray and black water.
XXX	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
XXXI	Use of glass may be reduced up to 40% to reduce the electricity consumption and load on air conditioning. If necessary, use high quality double glass with special reflective coating in windows.
XXXII	Roof should meet prescriptive requirement as per Energy Conservation Building Code by using appropriate thermal insulation material to fulfill requirement.
XXXIII	Energy conservation measures like installation of CFLs /TFLs for the lighting the areas outside the building should be integral part of the project design and should be in place before project commissioning. Use CFLs and TFLs should be properly collected and disposed off/sent for recycling as per the prevailing guidelines/rules of the regulatory authority to avoid mercury contamination. Use of solar panels may be done to the extent possible like installing solar street lights, common solar water heaters system. Project proponent should install, after checking feasibility, solar plus hybrid non-conventional energy source as source of energy.
XXXIV	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during operation phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
XXXV	Noise should be controlled to ensure that it does not exceed the prescribed standards. During nighttime the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.
XXXVI	Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
XXXVII	Opaque wall should meet prescriptive requirement as per Energy Conservation Building Code, which is proposed to be mandatory for all air-conditioned spaces while it is aspiration for non-air-conditioned spaces by use of appropriate thermal insulation material to fulfill requirement.
XXXVIII	The building should have adequate distance between them to allow movement of fresh air and passage of natural light, air and ventilation.
XXXIX	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings.
XL	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.

XLI	Six monthly monitoring reports should be submitted to the Regional office MoEF, Bhopal with copy to this department and MPCB.
XLII	Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement in Para 2. Prior certification from appropriate authority shall be obtained.
XLIII	Wet garbage should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. Local authority should ensure this.
XLIV	Local body should ensure that no occupation certification is issued prior to operation of STP/MSW site etc. with due permission of MPCB.
XLV	A complete set of all the documents submitted to Department should be forwarded to the Local authority and MPCB.
XLVI	In the case of any change(s) in the scope of the project, the project would require a fresh appraisal by this Department.
XLVII	A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
XLVIII	Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes and year-wise expenditure should reported to the MPCB & this department.
XLIX	The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at http://ec.maharashtra.gov.in .
L	Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.
LI	A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
LII	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.
LIII	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
LIV	The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.

Government of Maharashtra

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

6. The Environment department reserves the right to add any stringent condition or to revoke the clearance if conditions stipulated are not implemented to the satisfaction of the department or for that matter, for any other administrative reason.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, and amendments by MoEF&CC Notification dated 29th April, 2015.

8. In case of any deviation or alteration in the project proposed from those submitted to this department for clearance, a fresh reference should be made to the department to assess the adequacy of the condition(s) imposed and to incorporate additional environmental protection measures required, if any.

9. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

10. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-, Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

महाराष्ट्र टाइम्स दि. २३/०९/२० अतिरिक्त आयुक्त

विशेष शहराचा अडवणारा पातळ्याचा या सर्व बाबी पुढे येतात. उत्पन्नाच्या ३५ टक्के खर्च हा प्रशासनावर किंवा आस्थापनेवर खर्च व्हावा हा संकेत असताना, उत्पन्न कमी झाल्याने हा खर्च ५० टक्क्यांच्या पुढे जात आहे. त्याचप्रमाणे भांडवली विकास कामांवर केला जाणारा खर्चाचा टक्केवारी दरवर्षी घटताना दिसते आहे. अनेक शहरांमध्ये लोकसंख्या वाढत असतानाच हा खर्च कमी होत असल्याने सुविधांची कमतरता जाणवत आहे. विविध शहरांमधील अर्थसंकल्पाची स्थिती पुढील प्रमाणे...

मुंबईत घटलेले उत्पन्न
मुंबई : यंदाच्या नोव्हेंबरपर्यंत पारितोषिका उत्पन्नातून तब्बल ५० टक्क्यांनी घट झाली आहे. सन २०१९-२०चा अर्थसंकल्प ३०,६९२ कोटीचा असून, २५,५९३ कोटीचे उत्पन्न मिळणे अपेक्षित होते. मात्र नोव्हेंबरपर्यंत फक्त १२,९३० कोटी उत्पन्न गोळा झाले आहेत. यंदाच्या वर्षात विकास शुल्कापोटी ३४५४ कोटी रुपये जमा होतील असे धरले होते, पण पहिल्या आठ महिन्यांमध्ये १८५४ कोटी रुपयेच जमा झाले आहे. मालमत्ता कराच्या ५०१६ कोटीपैकी १५०० कोटी रुपये जमा आहेत. जीएसटीच्या अनुदानापैकी ६०४० कोटी जमा आहेत. दुसऱ्या बाजूला प्रशासकीय खर्च मात्र वाढत असून तीन वर्षांमध्ये या खर्चांमध्ये तब्बल दोन हजार कोटींची वाढ झाली आहे.

जाहीर नोटीस

तमान जनतेस सुचित करण्यात येते की, मित्रल प्रोजेक्ट्स, पुणे यांच्या 'सनसिटी ऑबेगांव', स. नं. ५५/१ व ५५/२, मॉड्ये ऑबेगांव बुद्रुक, मुंबई - बॅंगलूर हायवे, तालुका हवेली, जिल्हा पुणे येथील रहिवासी गृहप्रकल्पास राज्य शासनाच्या पर्यावरण आघात मुल्यांकन प्राधिकरण, महाराष्ट्र यांचे दि. ११ ऑक्टोबर २०१९ रोजीची निर्दिष्ट क्र. १७८ मध्ये प्रकरण क्र. National Business Register On Anvil

Kirtika Suneja
& Deepshikha Sikarwar

New Delhi: India will come out with a National Statistical Business Register that will have data on all business enterprises in the country based on the results of the ongoing seventh economic census, officials familiar with the development said.

The register will list district-wise all business enterprises and establishments engaged in production or distribution of goods or services, and it will be updated regularly using data from other official databases such as Goods and Services Tax Network, databases of Employees' State Insurance Corporation, Employees' Provident Fund Organisation, and those with the corporate affairs ministry, they said. "The census will provide a framework for dynamic register which can be updated using the data from other departments including GSTN," said an official in the know of the development.

The data collected is expected to help improve the quality of national accounts and provide input for the proposed annual survey of services.

The Ministry of Statistics and Programme Implementation (MoSPI) wants to put

in place such a register to strengthen the assessment of economic activity by digitising enterprises' data.

The register will have details such as the name of an enterprise, its location, activities, type of ownership, number of workers and PAN/TAN.

The ministry had earlier reached out to the finance ministry to share GST data such as quarterly tax collections and information on tax-paying units in order to make the national accounts robust.

ROBUST SERVICES DATA

The government also expects the data to help it with the proposed Annual Survey of Services for a more elaborate coverage of the services sector.

As per India's first chief statistician Pronab Sen, the proposed services survey will

TO MAINTAIN RECORDS
To contain data on all enterprises in India based on the results of seventh economic census

Govt Means Business

National business register to have details on

- Name of an enterprise
- Location
- Activities
- Type of ownership
- No. of workers
- PAN/TAN info

Mega services survey on cards

THE COUNT BEGINS...

- MCA, GST, EPFO data to be used to update register
- STN data to be used for annual survey of services
- Business register, GST data to feed into GDP estimates
- Stats ministry had sought tax mopup, other info from GSTN
- GST data to enhance reliability of data, improve quality

draw from two sources—data from GSTN and a business register.

All businesses with an annual turnover of over ₹40 lakh have to register under GSTN. For North East and Jammu and Kashmir, the threshold is lower at ₹20 lakh.

"This is because unlike the Annual Survey of Industries, services have a dynamic frame," Sen said. "These two datasets will then feed into the GDP estimates." He said data on name, address and type of business from GSTN can be used in the planned survey.

Many states have begun the

process of preparing their own business register. For instance, Rajasthan has been successful in developing business register with unique Business Registration Number (BRN), thereby integrating business establishments in that state.

As per Sen, the government's idea to conduct the economic census every three years is not wise because it is costly and requires deployment of a huge number of people. "With school teachers not permitted to conduct the survey, all state government functionaries are being involved and that is a challenge," he said.

PRİYADARSINI LIMITED
(Under Corporate Insolvency Resolution Process)
Extension of Timelines for submission of Expression Of Interest

ADDENDUM TO THE ADVERTISEMENT PUBLISHED ON 28th DECEMBER 2019

This is in reference to the Form G advertised inviting "Expression of Interest" (EOI) from prospective Resolution Applicants for submitting the Resolution Plan in the matter of Priyadarsini Limited, in Economic Times and Eureka on 28th December 2019 in terms of provisions of Section 25 (2)(h) of Insolvency and Bankruptcy Code, 2016. The last date for submission of EOI from the prospective Resolution Applicants as specified in the previous advertisement referred above stands extended up to 7th February, 2020 till 17:00 Hrs.

Consequently all the timelines undergo a change. Whereas other terms remain unchanged, The Committee of Creditors / Resolution Professional reserve the right to cancel or modify the process without assigning any reason and without any liability whatsoever. This is not an offer document. Modified Form G has been uploaded on the website of the Priyadarsini Limited (https://www.priyadarsini.com/CIRP). You can also refer to www.ibbi.gov.in/resolutions-plans. For any clarifications or further information, kindly write to p.priyadarsini@gmail.com.
